

SU TSZ

sophiesu.design@gmail.com • 0975 391 307 • Taipei, Taiwan

[LinkedIn](#) • [Portfolio](#)

Design-trained product leader with 8+ years building consumer software across crypto, content platform, and health tech. I combine user-centric empathy with data-driven thinking — progressing from UX designer to product lead, and shipping experiences that are both delightful and measurably impactful.

WORK EXPERIENCE

Freelance Product Designer & Manager

September 2024 – Present • Taipei, Taiwan

Executed end-to-end product design and strategy across Web, Mobile, and IoT platforms for corporate clients and self-initiated projects.

KEY PROJECTS

- **FREONE** | AI-Driven Restaurant Scheduling SaaS — Led product from 0 to 1 as dual PM and Designer, conducting user research and delivering end-to-end interface designs for desktop web and mobile apps.
- **Taiwan Mobile** | Smart Home Appliance UI — Designed intuitive mobile UI for next-generation IoT home appliances, translating complex hardware functions into seamless digital experiences.

Senior Product Manager → Product Lead

CoolWallet • May 2022 – September 2024 • Taipei, Taiwan

Crypto hardware and software wallet products. Joined as Senior PM for feature planning and engineering collaboration; promoted to Product Lead and Product Owner, overseeing full product strategy and leading the cross-functional team to grow software revenue.

KEY CONTRIBUTIONS

- Grew in-app commission revenue by **+52.3%** in 6 months by optimising high-intent trading flows.
- Grew in-app-purchase user count by **+54.4%** in 6 months through pricing and onboarding improvements.
- Launched **CoolWallet HOT** — a new software wallet — from concept to market.
- Established product ownership processes, shifting the team from execution-only to strategy-led roadmapping.

Product Manager → Senior Product Manager

PopDaily • October 2020 – February 2022 • Taipei, Taiwan

Content platform (Web & App) for a 15–35 y/o female audience. Led product across website and mobile app — user growth, creator experience, and revenue. Acted as product owner for both platforms in Agile; promoted to Senior PM during tenure.

KEY CONTRIBUTIONS

- Launched e-commerce website integrated with the existing membership system.
- Grew App 28-day active users by **44%** and lifted App Store rating from 3.4 → **4.8** (6K+ ratings) in 6 months.
- Drove **73%** organic traffic growth in 6 months via SEO, AMP, and optimised search result pages.
- Increased web search conversion by **10%** through UX improvements and data-driven iteration.

Product Designer

Health 2 Sync · March 2019 – September 2020 · Taipei, Taiwan

Designed core experiences for the Health2Sync app: user flows, research, prototyping, UI/UX optimisation, and cross-functional collaboration with engineers and stakeholders.

KEY CONTRIBUTIONS

- Led the app entry revamp from problem definition through usability testing to final UI – aligning cross-functional teams throughout.
- Improved registration conversion by **24%** via SMS registration and a redesigned onboarding flow.

UI/UX Designer

inline · September 2017 – May 2018 · Taipei, Taiwan

SaaS startup with an iPad-based solution for restaurant operations. Owned end-to-end product design across iPad and web, contributing to product management and feature delivery from concept to launch.

UI Design Intern

BenQ · September 2016 – February 2017 · Taipei, Taiwan

BenQ Design Center – GUI Department. Interface design for commercial display products; competitive analysis on OSD interfaces across industry benchmarks.
